BOARD OF TOWNSHIP TRUSTEES  
January 19, 1993

The Pike Township Trustees met on Tuesday, January 19, 1992 for the purpose of conducting the business at hand.

The meeting was called to order at 7:30 P.M. by the Board President, Bob Kaffenbarger with Harold Skillings and Dale Maxson answering the roll call. Also present Roger Group, Luther Markley, ERnie Bowers, Nancy Pence, Kathy McBee, Troy Wildman.

Mr. Bowers expressed concern for emergency fire and squad coverage in the western end of Clark County on Dayton-Brandt Road. Kathy reminded those of concern to be careful when crossing lines, they could be in worse shape by calling Christiansburg only to be dispatched thru Miami County and they are not familiar with the roads. After much discussion Kathy called Bob Hupp, Emergency Management of Clark County, he informed would need to know how many residents they are talking about, cannot change phone system, but under agreement with our Fire Chief he will work with Clark County. Residents will still need to call 911 which will ring into Clark County and then at that time they will dispatch Miami County. Kathy agreed to talk with Christiansburg Fire Chief and set up a joint training so everyone will know where the residents are located and if residents still insist on going with closest department the switch can be made. Mr. Bowers was given illuminated house numbers.

Rod Baker reported replaced fuel pump on Ford Tractor, still not running right. Carich Ford will be out tomorrow to check out.

Mr. Kaffenbarger opened discussion on squad being built and shipped to Mobil Medical in color of black. Mr. Owens said he talked with Mobil Medical today, he said they intentionally ordered the squad in the color black, so they would have a different color (Gray) interior. Interior color of medic box will be changed to match, plus flooring. After much discussion Mr. Owens said he feels we should hold Mobil Medical to the paint job, he will call Stu Cavell. Trustees wanted to discuss Fire Department personel filling personal swimming pools. Trustees feel they cannot do that for members or anyone else, due to using equipment for private use. Much discussion was given to water used from Village of North Hampton. Kathy suggested the need for a different radio in squad, one in the back. Would increase privacy with hospital, more powerful, plus repeater.
