Residents from Martin Drive discussed the length of Martin Drive in North Hampton, Ohio and the need to widen it. They stated "we need a road". Trustees informed them they need 60' of right-of-way, 30' from center of road and a culdesac at the end for turn around. Trustees suggested they contact the County Engineer who sets the rules for width and right-of-way. Currently 9 property owners live on Martin Drive. They said they have talked with several people including the County Engineer and can not get any answers. After much discussion Trustees will contact County engineer and get back with residents.

Troy reported Appeals Board will hear request of Troy Pavelka on April 20.

Discussed removing underground tanks at fire station.

Troy reported he sent 6 notices to residents in Pike township to clean up properties of trash, trailer on Myers Road, trash on Dialton and Folk-Ream Roads. Most everyone co-operating, Bennett's Tree Service, very upset.

Rod reported mowing cemeteries, working on roads. Lining up roads for Hensley to re-surface, approximately 6 miles.

Ron Boles reported at last meeting the quote for squad coats was \$130.00, that was not correct, they will cost \$168.00 with liners. Three people in EMT class.

R#45/94 APPROVE ADDITIONAL COST FOR 5 SQUAD COATS

Motion by Mr. Kaffenbarger, second by Mr. Maxson to approve additional cost for 5 squad coats with liners. Motion passed.

Ron Boles said Life Pack Monitor on squad recycled twice, need 2 at cost of \$130.00 each. Monitor contains total of 8, but with rotating batteries, 2 should be sufficient, couple years down the road, current monitor will be obsolete. Association bought a foam unit for engine, works with 5 gallon bucket, will be very beneficial if we have a large fire like the one with pallets, would be very much an asset. For your information, will need to replace squad coveralls and medic shirts we have had for a long time.

R#46/94 BATTERIES FOR LIFE PACK MONITOR ON SQUAD

Motion by Mr. Maxson, second by Mr. Kaffenbarger to purchase 2 batteries for Life Pack Monitor on squad at cost of \$130.00 each. Motion passed.

Martin Drive residents again discussed the width of Martin Drive in North Hampton. Part of Martin Drive in village and part in Pike Township. Harold and Rod have both talked with County Engineer who said a minimum of 30' wide for road. The procedure will be each property owner will need a copy of his deed and sign the he dedicates X number of feet for the road, petition County Commissioners to have road brought up to specs. They will do further research and possibly return to next meeting.

Rick Catanzaro, Chief Deputy, Clark County Sheriff's Department discussed Sherriff's Department dispatching fire & squad runs for Pike Township. Present-ed estimated \$22.29 per anticipated call for 1994. Contract would be reviewed each year. He said they are willing to work with us, invited us to visit the Sheriff's Department and to talk with Springfield Township and Madison Township who they now dispatch, he would like us to get their comments.

Troy reported he received a letter from Brichacek and Spencer, Attorney's for Bennetts Tree Service saying they are not operating a business out of their home on Folk-Ream Road. Troy requested Trustees give him permission to persue contacting the Prosecuting Attorney. Sent letter to Mr. Smith, 4308 North Hampton Road, officially notifying him of zoning code violations.

Harold told the residents of Martin Drive he had nothing new to report. He said Rod Baker has talked with (4) differant people at County Engineer's Office and no one has responded with answers. Wade Allen spoke for group saying everyone on Martin Drive is in agreeance as to dedicating a portion of their

property to widening of Martin Drive. After much discussion, property owners decided they as a group will go in person to talk with County Engineer or each will call talking with the same contact person at the County Engineer's Office.

Steve Hoberty ask if a road sign identifying where Myers Road turns left after Johnson Road dead ends into Myers Road. Lots of people do not know which way to turn. He has sold off 3 lots of rezoned land. Still has 1.88 acres left, asking what he is to do? Told he will need to apply for 1 lot plat sub-division. After discussing, ask if his neighbor could buy? Trustees said yes, but would not be allowed to build on it, and he will need to give a new deed.

Troy presented letter from County Prosecutor concerning "Speed Trap Ahead" signs located in yards of Pike Township residents. Prosecutor feels a letter from residents attorney refers the "Freedom Of Speech". Suggest we view the property and placement of signs to determine if distance restrictions laid out in 17.32 ORC have been violated (signs must be 100' from right-of-way). If determined the placement of signs on individual's property is a change in that use of land, then you may require that a Zoning Certificate of Occupancy must first be obtained.

Troy reported rezoning of 2 lots for Dale Maxson on 7/19/94. Attended meeting for Martin Drive residents. Richard Ayres gave temporary water line, will not give a permanent right-of-way. All water hydrants will need to be moved, house will need to be town down. Not sure where residents are going from here.

Rod Baker reported finished mowing ditches, mowing cemeteries, will start work on roads, have some to widen, transmission in pick-up slipping, took to White's in Urbana today.

(1) 1000 Tank

Bob reported (1) 550 gal underground tanks at fire station pumped last week. Set portable tanks, had Ed Fritz to do electrical wiring for tanks.

R#56 REZONING APPLICATION FOR MARVIN & NORMAN SHOUP

Motion by Mr. Kaffenbarger, second by Mr. Maxson to approve rezoning application for Marvin and Norman Shoup, 5 acre tract located at 10125 Black Pike, New Carlisle, Ohio from A-1 to R-1. Roll call vote; Motion passed.

Bob called Ted Algren to get a date for removal of underground tanks at fire station. Not sure if it will be done before July 1. Trustees will notify Clerk if she if to pay the annual fee of \$350.00 for registering tanks.

Mr & Mrs Reynolds said they have left several messages on township phone recorder, but have received no response. They are questioning drainage on their property on Bishoff Road. Trustees have all been out to check the problem. They are requesting to have ditches dredged out. Trustees said there has always been a wet problem and always will be a wet problem, however they are going to look at the problem again. Mr. Reynolds said he talked with Bob Cecile, County Engineer who said he is willing to work with Pike Township. Harold will check with Soil & Water Conservation and then get back in touch with the Reynolds.

Tony Newport spoke in regards to the "Speed Trap Ahead" sign in is yard west of the Village. He does not plan to remove. He does not want Pike Township in a law suit, but feels the only way to settle the dispute is to go to court. Trustees said Mr. Newport's property is zoned A-1 and not R-1. Mr. Skillings said he feels Mr. Newport is doing this illegally accoring to Pike Township Zoning Laws. Mr. Newport quoted "Freedom Of Speech" and he doesn't feel the township has a chance of winning if it should go to court.

Mr. Kesler ask if Pike Township has any power over village of North Hampton? He was informed they do not. He does not understand why the village resident can vote for Trustees if the Trustees do not have power over them. Also, he feels Zoning Inspector should be from the Township and not from the Village of North Hampton.

Much discussion continued about the sign, Mr. Newport doesn't want the Trustees in the middle, if the Prosecutor wants to take it to court for a

ruling. Trustees referred to Zoning Laws Regulations passed May 1971, they feel they they were elected to serve the Township and enforce the laws. Troy Wildman doesn't believe in the sign. Dale doesn't want the sign to come down, but feels he must honor the voters who elected him to serve. Would like to go back to the Prosecutor to get another look at the first ruling. Bob said with zoning laws the Township must enforce. He feels like Dale, but thinks the sign possibly would need to be set back to 100' to comply with zoning regulations. Harold recommended we put off till July 19th. Mr. Newport will get his group together and try to come up with some answers. Harold ask if possible to have Mr. Wooten, who has a sign in his yard east of the Village, present at that meeting.

Trustees reviewed sample agreement "Clark County and The City of New Carlisle Intergovernmental Agreement For Wastewater Service". Trustees plan to contact County Commissioners.

Bob said he had a call from Jerry Neher tonight, he has raw sewage going under bridge and in the ditch next to his house. Harold will call the Health Department.

Troy presented a letter from County Prosecutor stating he has received a call from the attorney for Gudorf Bros. Construction Inc. concerning the mobile home located at 2964 Myers Road. Owners of the property only living in mobile home for 4 to 6 weeks and mobile home will be removed at that time. He is willing to proceed with legal action. To get a court order it will take longer than 4 to 6 weeks. Ask that Trustees discuss it and get back in touch.

R# 60/94 PERSUE WITH LEGAL ACTION AGAINST GUDORF BROS. CONSTRUCTION, INC.  
Motion by Mr. Kaffenbarger, second by Mr. Maxson to pursue legal action against Gudorf Bros Construction Inc. to have mobile home removed from 2964 Myers Road. Motion passed.

R#61/94 ACCEPT RULES FOR DISPATCH COVERING AND COMPENSATION  
Motion by Mr. Maxson, second by Mr. Kaffenbarger to accept Rules for Dispatch Covering and Compensation presented by dispatchers. Copy of Rules can be found in township files. Motion passed.

Ted Algren Excavating removed Petroleum Underground Storage Tanks at fire station last week. Forms need to be filled out and mailed. Bob will ask Ted for assistance in filling out.

Dennis reported Fire Department going to County Fair on Tuesday 26th. Ordered coil for Rescue 53, approximately \$90.00. Seminar in Indianapolis, Indiana management for fire & EMS Officers, \$99.00 each, requesting to send (7) members. Discussed a phone recorder for dispatchers and fire station, will check with German Township to see if they have 1 unit or each dispatcher will need one.

R#64/94 FIRE & EMS TO ATTEND SEMINAR

Motion by Mr. Maxson, second by Mr. Kaffenbarger to approve (7) Fire & EMS Officers to attend a management seminar in Indianapolis, In. at cost of \$99. each. Motion passed.

R#65/94 APPROVE REZONING APPLICATION OF DALE MAXSON

Motion by Mr. Kaffenbarger, second by Mr. Skillings to approve rezoning application of Dale Maxson to rezone 2.63 acres, 2 lots (1) 1.14 acres (1) 1.49 acres located on New Carlisle-St Paris road, south of Stott Road, west side of road. Roll call vote: Mr. Kaffenbarger, yes; Mr. Maxson, abstain; Mr. Skillings, yes. Motion passed.

Bob Foster said he had heard a couple things discussed in the village of North Hampton, and he lives too close to let it ride so he wants to see what goes on in a township meeting. Discussed Johnson Grass on Dialton Road. Dale said he saw Asa Rust spraying today, not sure what they were spraying

for, Trustees will check every 2 weeks for Johnson Grass.

Trustees discussed permanent place for above ground storage tanks. Bob said Ted Algren said not to set anything on the ground for a while, giving the ground time to settle, approximate 1 year. Harold said he has a price of \$543.00 for (2) bottoms. Decided to move tanks south, closer to the building, facing east.

R#66/94 TO PURCHASE (2) BOTTOMS FOR ABOVE GROUND TANKS

Motion by Mr. Maxson, second by Mr. Kaffenbarger to purchase (2) bottoms for above ground storage tanks. Motion passed.

Richard Ayres ask if 1000 gal tanks belonging to home owners applies? Trustees said they have been informed by 1996 or sooner all tanks must be removed or registered with the state.

Dan Hastings reported he is working with County in putting a water way at Ruby & Ellen Drive. He talked with John Grieser from Soil & Water, he suggested Dan talk with Trustees about supporting a dam. A culvert is badly needed at the end of Ellen Dr. Dale Stull & Mike Jordan water would run in same amount, only with a dam he could control it. Trustees daid when he gets together everything he will need, then come back to township and they will discuss.

Troy presented bill from Clerk Of Courts for court costs for Arnold Wilhelm.

R#67/94 TO PAY COURT COSTS FOR ARNOLD WILHELM SUIT

Motion by Mr. Maxson, second by Mr. Kaffenbarger to pay court costs of \$53.00 to Clerk Of Courts for Arnold Wilhelm suit.

Troy also reported everything pertaing to Gudorf Bros has been turned over to County Prosecutor.

Harold said he talked with Dapho & Frank Reynolds, he and Rod are going to shoot at Ulery & Bishoff Roads and discuss later.

Tony Newport said he is representing Mr. Wooten and himself tonight. Trustees referred to a letter 7/7/94 from Ed Grinvalds, Attorney for Mr. Newport. He still refers to "Freedom Of Speech", he feels local zoning cannot control or will not stand in cour. Trustees referred to Sec. 17.32 of Pike Township Zoning Code only r requires that "at the intersections of any state or any outdoor advertising billboard or signboard shall not be less than one hundred (100) feet from the established right-of-way line of each such highway or thoroughfare". Trustees feel they must stick with the zoning laws. Dale suggest the (3) Trustees set down and talk with County Prosecutor to see if he feels township has any solid ground. Will take along a picture of sign, daytime and at night with dimensions. Richard Ayres said his business has been hurt by people not wanting to come into North Hampton. He feels bad the trustees need to be pulled into this. He feels Trustees should consider "Freedom Of Speech". He suggest zoning laws Trustees should check with Prosecutor to see if some zoning laws are in order, feels some regulations need to be revised.

Bob presented a letter from Gordon and notes from Darrell Howard, saying before County signs anything they will contact Pike Township. This is in reference to agreement "Clark County and The City of New Carlisle Intergovernmental Agreement For Wastewater Service".

Rod reported patching roads, mowing, willfinish tomorrow, will start black topping next week.

Mr. Newport ask Trustees for Prosecutor's opinion today concerning Speed Trap Signs located on his property. Trustees said Prosecutor advised of (4) choices for township, that being: (1) Do nothing at all; (2) Continue what we are doing now; (3) Go to Expediate Court (Judge Rules); (4) Full blown court trial. Prosecu~~OR~~ talked with Mr. Newport's attorney, Ed Grinwald's. Trustees advised if he moves the sign back beside his house it would be in compliance with zoning laws. Mr. Grinwald's suggest they try to compromise and stop the option of going to court. Mr. Newport not able to talk with Mr. Wooten, who also has a sign in his yard, but he will go ahead and move the sign back. Prosecutor wants Trustees to decide what they want, get in touch with him, he in turn will notify Mr. Newport's attorney of decision. R#83/94 APPROVE REZONING FOR DALE & SANDRA MAXSON

Motion by Mr. Kaffenbarger, second by Mr. Skillings to rezone 2.55 acres parcel from 100 acre tract, from A-1 to R-1 located at 6150 St. Paris-New Carlisle Road. Roll call vote; Mr. Kaffenbarger, yes; Mr. Maxson, pass; Mr. Skillings, yes. Motion passed.

8:20 P.M. Jonathan Hunter and Phil Pilcher entered. They discussed the rezoning request of Dale Maxson located at south east corner of State Route 235 and Stott Road to rezone 6.65 acres from A-1 to R-1. Mr. Hunter presented pictures of the creek and water backing up when it rains. Mr. Bicknell talked with Mark Elliott, from State Of Ohio, who said they will start work after October 11, 1994.

R#84/94 APPROVE REZONING FOR DALE MAXSON EFFECTIVE WHEN REPAIRS ARE DONE

Motion by Mr. Kaffenbarger, second by Mr. Skillings to approve rezoning of 6.65 acres for Dale Maxson located at south east corner of Route 235 and Stott Rd. from A-1 to R-1, effective when State Of Ohio repairs the water-way and has sufficient drainage. Roll call vote; Mr. Kaffenbarger, yes; Mr. Maxson, pass; Mr. Skillings, yes; Motion passed.

8:45 P.M. Tammy & James Michael Furay entered.

Rod Baker left message Hensley's have finished chip & seal of roads.

9:00 P.M. Jim & Bernadine Furay entered.

Shelia Blair said she feels she is being treated unfair since she moved to a different location in Pike Township, still on the 845 exchange. Referring back to the motion R#78/94 No Dispatchers will be hired on the 845 Exchange. She wants to be a dispatcher. Doesn't care about the pay. Said Sherry Donnelly still has a line in her house & feels Dennis Owens left it for a reason. We take contributions from 845, also send people to school for Paramedic training who live on the 845 exchange. She feels she is discriminated against. Harold apologized for the manner in which it was handled, but Dennis said he would take care of notifying Shelia about the Trustees decision. Sherry Donnelly spoke on how she feels the phones break down. Added expenses to have 845 over 964. Pike Township residents are paying with taxes. She feels whole picture not looked at, and not handled correctly and so many feelings hurt. Mr. Kaffenbarger reminded her Pike Township has a budget like any business, and we must run it as such. Much, much discussion was given. Lois Skillings said she is on every 4 days. Will know in 2 weeks if Ruth Neher, who is on sick leave, is coming back.

R#85/94 APPROVE REZONING APPLICATION FOR JIM & BERNADINE FURAY

Motion by Mr. Kaffenbarger, second by Mr. Maxson to approve rezoning application for ~~JIM~~ Jim & Bernadine Furay to rezone 1+ acre located at 11612 Stafford Road, from A-1 to R-1. Roll call vote; Motion passed.

Mr. Skillings again ask Sheila Blair for further comment. She ask, Do you think this was a good decision? Harold said yes, we made that decision 2 weeks ago. We, the Trustees probably should have contacted you but, left it up to Dennis since he agreed to do it. More than once repeated the extra cost, more than \$700.00 per year to have dispatchers on the 845 exchange over the 964 exchange.

R#86/94 ACCEPT AMOUNT AND RATES DETERMINED BY THE BUDGET COMMISSION

Motion by Mr. Maxson, second by Mr. Kaffenbarger to accept the amounts and rates determined by the budget commission for Pike Township, 1995. Motion passed.

Troy presented letter from Phil Tritle, Clark County Planning, concerning lot splits for Donald Van Ausdal, 4.09 acre located on North Dayton-Lakeview Road, stating the deed was recorded before lot split was approved by zoning board. Troy said he had not signed or stamped anything and advised they must re-submit to zoning board to make it legal.

7:40 P.M. Rod Baker entered. He reported trimming trees, working on roads.

Harold presented report from Industrial Safety Consultant, Harry Harper who conducted a safety survey at Pike Township Building on November 7, 1994, the recommendations were listed: Vent tanks vertically and twelve feet high; Post No Smoking signs; Supply leg protection for chain saw work and enforce its use; Keep work rests in place whenever feasible for the work being performed, and keep them adjusted closely to the wheel with a maximum opening of one-eighth inch to prevent the work from jammed between the wheel and the rest, which could cause wheel breakage. Adjust the work rests only when the wheel is stationary, and securely clamp the work rest after each adjustment; Adjust tongue guard to within one-fourth inch of the constantly decreasing diameter of the wheel. Re-adjust as necessary; Use only electrical equipment that has adequate insulation (refrigerator in kitchen) Damaged or inadequate insulation should be repalced by a qualified electrician; Replace the power cord on the refrigerator. Use a three-wire cord having a three-prong cap with an approved grounding conductor; Remove the appliance from service until a qualified person can replace or repair the power cord on the fan, using a three-wire cord and a three-prong cap with an approved grounding conductor; Replace the lamp fixture with one that includes a lamp guard, or purchase and install a guard from an electrical supply house or lighting vendor, or fashion and install a guard from expanded metal or mesh; Replace the spliced cord with a continuous cord of the proper size and type for your use. Note that hard service cords with number 12 or greater size conductors may be repaired or spliced providing that the splice retains the insulation, outer sheath, and usage characteristics of the cord being spliced. The use of electrical tape does not generally meet this requirement; Replace non-explosion proof lights with explosion proof lights; Install a sign marked "Exit" over the doorway so that employees in the area can see the way to the exit readily in an emergency; Verify the workplace hazard assessment through a written certification that identifies the work areas evaluated, persons performing evaluation, and date of assessment; Training of all employees; Develop & implement a written hazard communication program, Employers are required to have on hand an MSDS for every hazardous chemical used or manufactured, including intermediate substances to which employees might be exposed and substances not commonly recognized as manufactured chemicals, such as carbon monoxide from lift trucks, used oil, welding fumes and wood dust; Develop & Implement a procedure to insure employees are trained on hazardous chemicals upon initial assignment & whenever a new hazard is introduced into the workplace. Rod will report later as to items that have been corrected.
