Dennis gave written report, the roof on fire station was patched, seems to have fixed the problem. Transmission was serviced on Medic 53, minor repairs needed, rear dual blew out, replaced all four rear tires. Accepted resignation of Jeff Emory. Have posted the position for EMS & Fire Captain, will review & fill positions in the near future. Ordered additional dress shirts for members who did not get them on original order, need to order more daytime EMS shirts, will order as needed. Association wants to sell comforters made with Pike Township name on them. Trustees said they are concerned with it being a fund raiser at this time since we have a renewal on the November ballot. Suggest they have them on display on election day and take orders, that will save less confusion for the levy renewal. Dennis was informed about the need to request purchase orders. He said it is his fault for not calling clerk. Promised to do better in the future.

Will meet with Hensley's Inc this week to discuss chip & seal of roads. On Myers Road, Gundolf Farm, has quote from Steve Algren for 170' of 12" plastic tile cost \$1190.00, will ask property owner if they are willing to pay part of the cost to install tile. Using chipper from Kaffenbarger Truck Equipment while trimming trees. Reed's on Addison-New Carlisle Road complaining about neighbor having tall weeds on property, Rod gave warning. Dale Kennedy withdrew annexation of 86.571 acres to be rezoned. The meeting hosted by Pleasant Township was very informal, several townships represented discussed zoning in townships. Sharon Fox spoke of concern in Country Squire, 1983 Randy MacGillivray developed Country Squire and did not follow plans. Presented petition signed by several residents requesting answers from they do not know who. Mr. MacGillivray will not return calls, they do not know who to contact. Trustees suggest they call Phil Trittle, Clark County Planning who can possibly advise the route they should take. One big concern, resident cannot get out of driveway because it is blocked by another resident.

James McCormick ask for a variance at 7515 Wrenview Drive in Hampton Woods, He owns Thirteen plus acres, wants to sell off wooded area for one house. Trustees advised he needs to contact the Health Department for a perk test, if it passes they will permit a variance.

Ronald Summers from Honey Creek Mobile Home Action Group spoke of concern for noise & curfew caused by non-residents with cars crusing, loud music. They have tried to contact owner of Honey Creek but get no cooperation & owner does not enforce the rules. Trustees suggest they get a group together and all try to meet with owner.

Anticipate adding a headset system to truck next year. This will be funded by ladies auxilliary as their project with the portraits. Need to install radio components for pump operator on new engine similar to what we currently have. In anticipation of new headsets we can add a line jack to the pump panel now, acquire one head set which would be kept on the engine & used by the pump operator cost \$358.00. Need to replace officer radio cost approximate \$650.00 that was ran over by the engine an a fire scene.

Fire prevention week will be celebrated with an open house on Saturday October 14. Mandated by state to begin EMS reporting this year. software program provider assured us our software would be compliant, however, we have had multiple issues which to date have not been solved. They have sent numerous patches & fixes which has not resolved the problem. Notified by state there are numerous departments having problems, they are currently allowing us time to try & fix the problem. Do not believe we can expect our current software to support the state mandated reporting. I have looked at other programs & would like to acquire the equipment & software which Ohio EMS reporting software & get on track with our reports. I would need Palm Pilot SPT 1800 can be purchased on state contract at cost of \$800.00, Hewlett Packard Printer 920C to be located in medic for \$89.00, Infrared port to download reports to the printer, Actisys Model IR100M, cost \$80.00 Ohio EMS reporting software, one license, cost \$495.00 with annual support \$100.00, Power inverter for medic unit cost \$40.00, total estimated cost \$1504.00. An alternative palm pilot can be substituted for the SPT 1800 but can not take the wear & tear as the better one. This would be a long term money saver & will eventually eliminate our multi page report sheets & reduce number of man hours required to transfer patient information from the hard copy reports to the computer which takes about .50 hour per report.

R#56/2002 TO PURCHASE PALM PILOT 1800 FOR EMS STATE REPORTING

Motion by Mr. Skillings, seconded by Mr. Maxson to purchase Palm Pilot SPT 1800, Hewlett Packard Printer 920C, Infrared port Actisys Model IR100M, Power Inverter approximate cost \$1504.00. Motion passed.
