Jerry provided a copy of a letter received from Dynegy (we all got them) stating contract for electric is good until 2025. Mr Kaffenbarger advised the reason this letter was sent out is because Dynegy applied for a new DUNS #, so a letter had to go out. No action is needed unless someone wants to opt out of the program., The Trustees signed a letter so Dave Kehl could make an adjustment to the grass truck to allow it to continue running while on a scene, they could not just make the adjustment, the owners of the truck must sign a letter. Jeff Hoblit should starting work on FH project soon.
